Crocodiles usually live in the jungle. They can be large and small. Crocodiles have got a long body, four short legs and a long tail. They've got a big mouth, too! They eat meat and fish. They usually live for 70 years.

A crocodile is one of the scariest animals in the jungle. Crocodiles can walk fast and they are very good swimmers, too! On hot days, crocodiles keep their mouths open. This is how they get cool!
