Dear Lizzie.

A What about you? How are you spending New Year's Eve? Whatever you are doing, have a wonderful time. I wish you and your family a Happy New Year.

B We are very busy at the moment. Dad is doing the last minute shopping. Mum is making a special dish, fried baby eels. They're delicious, honest! Aunt Betsie is making tea for everyone and Grandma is doing the gardening. Clara and Steve are doing the washing-up. Steve's also washing the grapes for tonight. In Spain, it's good luck to eat twelve grapes at midnight on New Year's Eve! As for the twins, they are making the decorations. They are excited. Spanish people call New Year's Eve Nochevieja, which means the old night. This is because the 31st of December is the last night of the old year.

C How's everything back in NY? I hope the weather isn't too cold. Here in Madrid, everyone is getting ready to celebrate New Year's Eve. The shops are full of people. They are buying presents and food. Council workers are decorating the streets and making preparations for tonight's celebrations in the Plaza del Sol.

All the best!

Tess: Well, why don't you come over and help yourself to some toffee apples? The party is nearly over anyway. Then, you can help me clean up!

Pete: I would do anything for a toffee apple! See

The Highland Games

Many highland games take place all over Scotland every year. The most famous meeting is in Braemar, a small village in the Scottish Highlands. The games are always on the first Saturday in September.

Many athletes travel to
Scotland each year to take
part in the games. They
compete in events like the
hammer throw, shot put and the hill
run. There are also music and
dancing competitions.

Marching bands perform for the crowds. They wear traditional clothing and play.

The most popular event
of the day is the 'tug of
war'. Two teams hold onto a
rope and try to pull the other team over the
line. 'Tossing the caber' is also
popular. The athletes have to
run holding a heavy tree
trunk, the caber, upright.
Then, they stop and
throw it towards the sky.

Tickets always sell out months before the games start. It's a great day out for all the family.

 - b) Read the short text and check your answers.

Lewis Carroll (1832-1898) is a very

famous English writer of books for children. His most famous books include Alice's Adventures in Wonderland and Through the Looking Glass. These books are about the adventures of Alice, a little girl, in a strange place called Wonderland. The extract is a short dialogue from the second book. Alice is talking to Humpty Dumpty, an egg with a nose and a mouth!

- b) Form opposites with the following words.
- · friendly · happy · lucky · kind · real

Through the Looking Glass

Alice: What a beautiful belt you've got!

Humpty Dumpty: It's a cravat, child, and a beautiful one, as you say. It's a present from the White King and Queen! There now!

Alice: Is it really?

Humpty Dumpty: They gave it to me, for an unbirthday present!

Alice: I beg your pardon?

Humpty Dumpty: I'm not offended.

Alice: I mean, what is an unbirthday present?

Humpty Dumpty: A present people give you when it

isn't your birthday, of course!

Alice: I like birthday presents best.

Humpty Dumpty: You don't know what you are talking about! How many days are there in a year?

Alice: Three hundred and sixty-five.

Humpty Dumpty: And how many birthdays have you?

Alice: One.

Humpty Dumpty: I'd rather see that on paper.

Humpty Dumpty: Then that shows that there are
three hundred and sixty four days when you might
get unbirthday presents ...

Alice: Certainly ...

CLUEDO

England, 1943. Anthon Pratt invents Cluedo and his wife designs the board. Waddington Games buys the idea, releases the game in 1949 and it becomes a great success. The aim of the game is to find out the identity of the killer of Dr Black, the murder weapon and the scene of the crime. In order to do that, players move around the house and ask the other players questions, The first player to solve the crime wins.

SCRABBLE

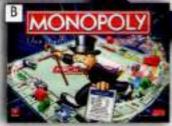

New York, 1933. Alfred Butts notices how popular crossword puzzles are and comes up with the idea of Scrabble.

In Scrabble players pick seven letter tiles at random and then try to make words using their letters. Players get bonus points for using certain squares on the board and using letters like Q and Z. The player with the most points at the end of the game wins.

MONOPOLY

USA, 1934, Charles Darrow invents the Monopolynd board game and makes the first 5000 sets of the game himself!

The aim of the game is to make as much money as possible. In order to do that players buy, sell and rent property. One by one, the players run out of money and the last player left is the winner. Today, Monopoly is the best selling board game in the world with sales of over 200 million sets in different countries.

ACROSS THE CURRICULUM: DESIGN & TECHNOLOGY

Puppet show

Everyone loves puppets! They are fun. sometimes crazy, and even when they are sad they still make us lough.

There are many different types of puppets. Some are very easy to make but others can be more difficult. Glove puppets are one of the easiest types of puppets to make. You just take a piece of cloth, attach a wooden or rubber head and put it over your hand. You use your fingers to move the puppet's head and the arms.

The marionette is a more difficult puppet to make and to use, but it's more fun to play than the glove puppet. Marionettes have whole bodies and legs and can move in many ways. The puppeteer uses strings to move it.

We can use puppets to educate or to tell stories, but with puppets we always have fun. When we see puppets move and talk we forget that they are just plastic, wood or cloth and we enter a world of adventure and fun.

Mineral Park is a town in the United States. It is called a 'ghost town' because no one lives there anymore. It was a different town in the past though.

In 1871, 700 people lived in Mineral Park. There was a school, lots of shops, a post office, saloons, a doctor's, a hotel, a restaurant and even a **weekly newspaper**. It was a very busy town with lots of people but no cars. People travelled by train and on horses.

Lots of the people from Mineral Park, worked in the mines. After work they liked to spend their free time in the saloons and restaurants. Everyone was happy and wealthy, but all that stopped.

After 1887 Mineral Park started to change into a quiet town. Many families moved to other towns and the shops closed down. Some people tried to stay but there was nothing for them to do. By 1912, the town was nearly empty. Today, there are only a few ruined buildings left. People still visit Mineral Park though to get an idea of what life was like in the past.

Although we were scared, we decided to go in and have a look. Suddenly, we heard a loud noise and a **huge creature** jumped out in front of us.

"Don't be afraid, it's just an owl," said a voice from behind us.

We turned around and saw an old lady at the bottom of the stairs. She **rushed** over and **introduced** herself.

"Hello, I'm Mrs Shade. Let me give you some treats you naughty little ghosts!"

When we finally got home, our Mum was very worried. "Where were you?" she shouted, the moment we walked in.

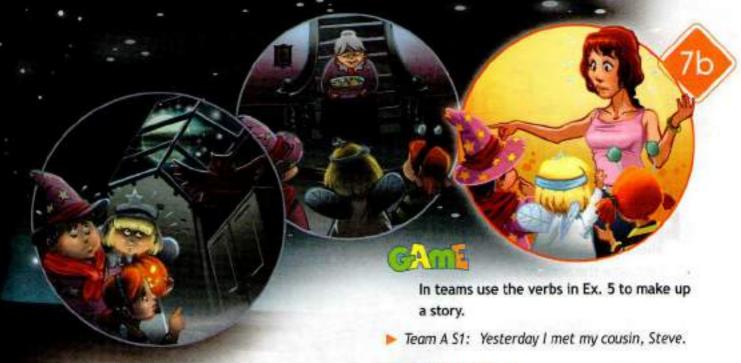

"Don't worry mum. We were at Mrs Shade's house, you know the big one at the end of the street. She gave us treats and ..."

A blue uniform, red trunks¹, red boots, and a long. flowing red cape. Tall, strong, invisible. Kind, smart, just! Faster than a speeding bullet! More powerful than a train! Able to leap from building to building at a single bound! That's Superman, our most favourite superhero!

Superman was created in 1933. His real 'parents' were high school students Jerry Siegel and Joe Shuster from Cleveland, Ohio. Jerry and Joe were rather shy and unpopular at school, so they made up a superhero to live a life of fantasy through him!

As the story goes, Superman came from dying planet Krypton. His parents sent him to Earth in a rocket in order to save him. The rocket landed in Kansas near a town called Smallville. A couple of farmers found the boy, adopted⁸ him and named him Clark. As Clark grew older, he gained⁸ strength from the Sun. By the time he was an adult he was able to fly, fire heat vision from his eyes and see through walls. From that point, he was Superman.

Superman is a symbol of the American dream. He is a man who tries hard and succeeds. He is also a classical hero who fights criminals and rescues the helpless. He is the superhero we all know and love!

Toying With the past

Dolls that sing and dance, cars that move at the touch of a button and aeroplanes that fly are the toys that make children happy today. Now, let's take a journey into the past. What toys were there in a child's playground in the 18th century or the Victorian times?

In those times, building bricks with letters of the alphabet on them were very common. Toys of this kind helped children learn while playing. Other toys such as model kitchens, doll's houses, toy stoves and tea sets taught girls how to run a home. Dolls of wood, clay and wax were also very popular with girls and prepared them to become mothers. As for boys, tool kits, trains, cars, trucks and interest an them gave garages engineering. Both boys and girls, though, loved their rocking horses, and teddy bears.

Things for children from poor families were different. They played mostly on the street and they didn't have money to buy new dolls or toy cars. They used mud, tin caps, old clothes and their imagination to make their own toys.

No matter how old or new, expensive or cheap toys are, they always have a special place in children's hearts, throughout the ages.

Building Big

The Empire State Building is the tallest building in New York. It is 443 metres high and has 103 floors. It was built in 1930, and took one year and forty-five days to complete.

The ESB is one of the largest office spaces in the world, but it also has many shops and restaurants inside.

The Empire State Building has 73 super fast lifts. The fastest of these travel from the ground to the 80th

floor in only 45 seconds! If you choose to walk to the top, you need to climb 1860 steps.

At the Empire State Building most visitors go straight to the Observatory on the 86th floor. The view is amazing. On a clear day you can see for miles around. Looking at the Empire State Building from a distance is also great. The top floors are decorated with beautiful lights. These change colours every day. Depending on the occasion, the building can be white, green, blue, purple, red or orange!

If you are ever in New York, don't forget to visit the Empire State Building. It offers the best view of New York, and it is one of the city's most historic buildings.

British meals Tasty treats

A traditional meal

What's your idea of British food? If the answer is bacon and eggs or fish and chips, then you might be in for a surprise.

Most people in the LIK rush to work in the morning. This means they don't have time to make the traditional English breakfast of egg, bacon and sausages. They may have one at weekends though. During the week, they choose a breakfast of cereal or toast with tea, coffee or fruit juice. Lunch is a simple meal. Many children at school and adults at work bring a 'packed lunch' from home. This is a sandwich, a packet of crisps, a piece of fruit and a drink. Dinner is a meal for the whole family Spaghettl bolognaise and shepherd's pie are all favourites. Many British order takeaways as well! Indian, Chinese food and pizzas are all very popular

On Sundays, the British ger together for a traditional Sunday roast. This is roast beef or lamb with potatoes, vegetables and gravy.

But ... is there anything for dessert? Home-made puddings like bread and butter pudding, apple pie and trifle are all delicious British desserts. Without them no meal is complete!

Dad is also going to take us to the famous Bolshoi Ballet theatre. Isn't it wonderful? My sister wants to go on a day trip down the Moskva River but Dad says it's too tiring, so we are not going to travel there. That's OK though because we are going to spend a whole day in the Moscow Zoo, the largest zoo in Russia which has a great collection of animals and exotic species.

What is your home life like? How big is your family? Do your parents work? Do you live in a house or an apartment?

This week, **Spotlight on Russia** talks to Anna, (13) about her life in Moscow.

Anna, can you tell me a little about your family?
Well, my family is quite small. I haven't got any
brothers or sisters. My grandmother lives with
us, so all together there are four people in my
family.

Do you live in a house or an apartment?

We live in a big apartment near the city centre.

I love it here.

Do your parents work?

Yes, they both work. They are teachers. I am lucky because my grandmother looks after¹ me when they are at work. I often help her around the house and we go shopping together in the afternoons.

What is it like being a child in Russia?

We have a lot of fun, like most children, but winter makes our life a bit different. It gets very cold so we can't play outside. When it snows I go skiing and ice-skating. Little children also build snowmen and have snowball fights.

Do you spend much time outside?

When the weather in warm², we spend plenty of³ time outside. At the weekends I love going on bike rides with my friends. I also enjoy trips to the countryside with my parents.

So, how do you like life in Moscow? Is your life the same as Anna's or different? Write in and tell us about yourself.

- Write to us about your dacha and what you like to do there.

Are you a country lover or a city slicker¹? Many Russians love the countryside. So every weekend they escape to their "dachas".

But what's a "dacha"? Spotlight on Russia finds out more ...

Many Russian people have a plot ² of land out in the country called a "dacha". They often have a small house there where they can relax or grow fruit and vegetables in the garden.

Dachas are usually a few kilometers outside the city. So Friday evening and Saturday morning thousands of cars, buses and local trains carry³ millions of people to their dachas outside the city. People carry⁴ bags, backpacks and small carts with what they need for a relaxing weekend at the dacha. You can often see cats and dogs in the cars as people usually take their pets with them.

People spend their weekends at their dachas during the spring, summer and autumn. During the spring people clear the garden. Many people plants vegetables such as cucumbers, tomatoes, onions and potatoes while others prefer to grow flowers. In the summer, families swim and fish in nearby lakes and rivers. They also pick⁵ fruit and berries which they use to make jam. Autumn is the most beautiful season on the dacha. All of the trees, grass and plants are green, red and yellow and there are a lot of colourful flowers.

During the long, cold Russian winters, people can't wait to return to their dachas. There they can relax and get away from⁶ and the busy city life.

Look at the pictures, then vote for your favourite dacha.

When you visit Moscow be sure to travel in style on one of the most amazing metro systems in the world. Read on to find out more.

Spotlight on Russia visits Moscow's underground palace.

Moscow is the capital city of Russia. It is one of the largest cities in Europe. Around eleven million people live there. Many tourists visit Moscow every year to see its famous sights and fantastic architecture.

The most popular means of transport for locals and visitors is the metro. The Moscow metro is very fast. It has 164 stations around the city and it is always very busy. Seven million passengers use it every day from 6am to 1am. Passengers can tell where a train goes from the voice of the announcers. All trains that go to the centre have a male voice and trains that go away from the centre have a female voice.

The metro goes to all major¹ sights. The Station Ploshcad Revolutsii takes you to the Kremlin and Red Square. The metro station Teatralnaya is near the Bolshoi and Maly Theatres. But the metro is also an attraction in itself. People call it "The Underground Palace", because many stations are really beautiful with mosaic ceilings, wonderful chandeliers², beautiful sculptures and brilliant paintings.

For a real life adventure, every visitor to this beautiful city should take a ride on the underground metro. It is one of Moscow's major tourist attractions.

Do you enjoy travelling on the metro? What's your favourite station? Write in and tell us to win free metro tickets for a week.

What do kids in Russia do every day? Is their life exciting?

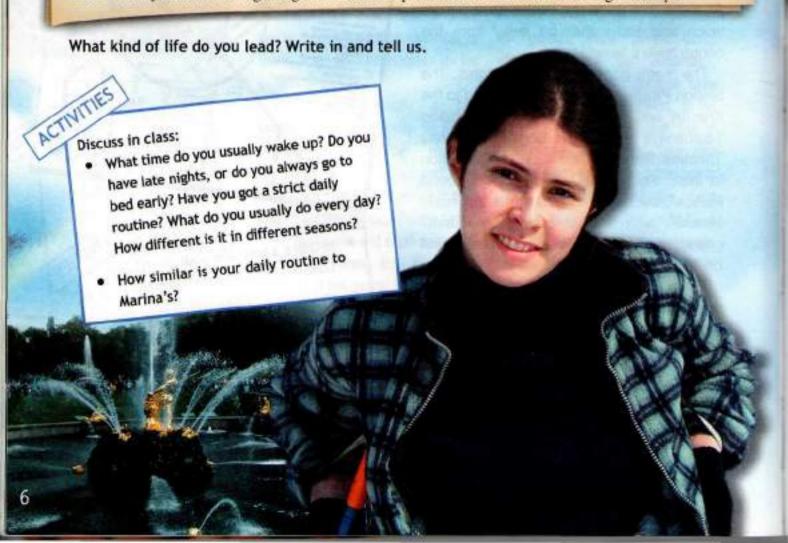

Spotlight on Russia talks to Marina Smirnova – a 12-year-old student from St Petersburg.

Hi, my name is Marina Smirnova. I'm 12 years old and I live in the beautiful town of St Petersburg. My daily routine is typical of most students my age.

I get up at 7:00 am and after a quick breakfast I walk to school. School starts at 8:00 am and finishes at 2:00pm from Monday to Friday. There are 30 students in my class and every day we have 6-7 lessons. Each lesson lasts 45 minutes with a 10-minute break in between. My favourite lessons are history and maths. They are both very interesting. We have lunch in the school canteen during the longer break in the afternoon. We have many exciting things to do at school after classes. On Tuesday and Thursday I have guitar lessons.

After school I go home and eat a snack before I start on my homework. We always have lots of homework to do and it usually takes me 2-3 hours to finish it. Around 6 o'clock in the evening, I have dinner with my family. I enjoy this time because on weekdays it's the only chance we have to relax and be together as a family.

After dinner, I usually watch TV. I like watching Sports and Music shows. Sometimes I play a game of chess with my father. Most nights I go to bed at 10:30pm and read for a while before I go to sleep.

Summer time in St Petersburg is very special but why?

Spotlight on Russia visits "Venice of the North".

People often say that St Petersburg is the 'Venice of the North'. This is because it is a beautiful city with 90 waterways, 42 islands and 300 bridges. Every summer from June until July something wonderful happens in St. Petersburg. It is a wonder of nature that Russians call the 'White Nights'.

Visitors from all over the world travel to the city to see this. During the White Nights the sun does not set completely and a silver glow¹ fills the sky. This sight attracts tourists and locals who take to the streets to enjoy it and celebrate.

At night, <u>crowds</u>² of people sing and dance by the Neva River. They watch the bridges open as boats pass by and fireworks fill the sky. A visit to St Petersburg during that time is a fantastic experience.

The White Nights are certainly a beautiful sight. Write to us about any other interesting event you know about. The best articles get to appear in the next two issues of "Welcome to Russia".

- What is special about St Petersburg? What happens at that time? Discuss in class.
- Look at the picture and discuss it with your partner. Imagine you are tourist over there. What are you doing?

Russian people spend their spare¹ time in many different ways. One thing they all love is reading. Russians also love going to the cinema and the theatre.

When it comes to more active pastimes, skiing and ice-skating are very popular with people of all ages. In the winter, many people skate on frozen ponds and skating rinks. Ice-skating is one of Russia's most important sports. Russians are also famous for their ice hockey teams. Many of the top players in Canada and the United States are from Russia.

Other free time activities include: hiking, mountain

climbing, backpacking and canoeing. Many Russians take part in organised sport. Football is the favourite, but many people also do gymnastics, or play volleyball and basketball.

In the summer, chess games take place² in parks. Another hobby is stamp collecting and there are thousands of stamp clubs.

People from different nationalities in Russia have their own traditional types of exercise. For example, the Yakuts of central Siberia are very good reindeer-sled racers and the Buryats in eastern Siberia love archery.

We are trying to find out what our readers like to do in their spare time. Be part of our big survey today. Write a short article/letter about what you do in your free time and send it to us. Discuss in class:

- Which are the Russians' favourite leisure activities?
- What are the favourite leisure activities of the people where you live?
- What do you do in your free time?

Britain has Shakespeare, Germany has Goethe and Russia has Alexander Pushkin. He was a brilliant poet and writer, and a favourite with all Russian literature fans.

Spotlight on Russia finds out more about this famous Russian writer.

Alexander Pushkin was born in Moscow on 6th June 1799. From a young age his nurse taught him all about Russian folktales and traditions. Alexander wasn't a good student, but he loved to read and spent many hours in his father's library. He wrote his first poem at the age of 8 and published his first poem at 15.

His work was very different from the other writers at the time and this often got him into trouble with the tsar and the government. For example, one of his most famous plays, *Boris Godunov* was only published years after he wrote it for political reasons.

After marrying a beautiful young girl called Natalya Goncharova in 1831 he continued to write. Millions of people consider his novel, Eugeny Onegin, his poem, The Bronze Horseman and his drama, The Stone Guest, to be masterpieces¹.

Alexander Pushkin was only 37 when he died. He played a great part in 'The Golden Age of Russian Literature'. He's Russia's greatest² poet and national pride.
